INFORMATION BULLETIN

Subject: New Audio Connectivity Module (C2C40513) - S-TYPE, X-TYPE

ISSUE '2' CHANGES ARE HIGHLIGHTED WITH GRAY BACKGROUND

Jaguar Vehicle Accessories is pleased to announce the introduction of a newly-updated Audio Connectivity Module (ACM) for S-TYPE and X-TYPE models only; it is not compatible with XJ models as previously communicated. This new ACM, part number **C2C40513**, replaces the previous ACM part number **C2C40107** (refer to Parts ALERT **JA09VA-01**). The dealer margin has increased from 25% to 30%.

This new ACM was developed to address functionality issues experienced with the previous version.

Part Number	Description	Dealer Cost	Suggested Retail	Install Time (hours)
C2C40513	Audio Connectivity Module	\$306.00	\$408.00	1.0
