

2008 **S-TYPE** SATIN EDITION

In a world heading toward uniformity, here is a sensual symbol of distinction and beauty, of unique lines and enduring character. A car that looks forward with its technological innovation yet has already achieved an iconic aura.

The SATIN EDITION is not only the final year of this alluring model but the finest. The interior of the S-TYPE is truly opulent. Sumptuous leather appointments, distinctively piped, are offered in Champagne/Mocha and Charcoal/Charcoal. Signature exotic Satin Mahogany wood veneers gracefully appoint the dashboard, door panels and center console. Deep, enveloping carpets and a soft leather-wrapped steering wheel and gear shift knob are crafted to the finest JAGUAR degree. Larger standard wheels are unique to each of the available power plants: 3.0-liter V6 and 4.2-liter V8. An all-aluminum engine with four valves per cylinder, double variable-phase overhead cams and electronic fuel injection promises dynamic, galvanizing driving moments, made even more dramatic by their sporting prowess.

The 2008 S-TYPE SATIN EDITION. Final production, unique and most desirable.
