Re: Recall - Campaign  
2005 Jaguar S.

I need your help.  
My car is unsafe  
It has a recall on it  
for the gas tank  
you can only fill the tank  
to 1/2 full.

the speed is bad.

I am afraid to park it  
in my garage.

Millennium Jaguar was supposed  
to have fixed it - They didn't.  
New Port Place owns the  
dealership (because Millennium did  
not fix cars) and they tell  
me the work was performed.  
If it was, there would not  
be a problem today.

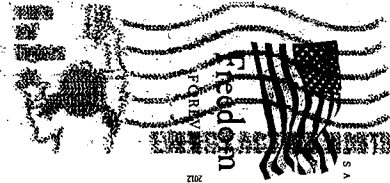

How do I get my car fixed?  
Sincerely,

██████████
