Monthly increase in profits with tool	\$600.00	
Annual profit increase	\$7,200.00	
1st year revenue	\$4,092.00	
Annual revenue	\$5,772.00	

Reflashing Cars is like Printing Money

CarDAQ-Plus is the tool that:

- Allows you to perform reflashing services that were previously “dealership only”
- Can be used for both reprogramming and scan-tool diagnostics
- Fully complies with SAE J2534-1 and is upgradeable for the future
- Is preferred by vehicle manufacturers for new model development

Supported Automakers

CarDAQ-Plus works with J2534-compliant vehicles from the following automakers:

Acura, Audi, BMW, Buick, Cadillac, Chevrolet, Chrysler, Daewoo, Dodge, Ford, GM, GEO, Honda, Infiniti, Isuzu, Jaguar, Jeep, Land Rover, Lexus, Lincoln, Mazda, Mercedes, Mercury, Mitsubishi, Nissan, Oldsmobile, Pontiac, Porsche, Saturn, Scion, Toyota, Volkswagen, Volvo
