

Mackie Automatic Transmission Ltd are proposing to run several open days / evenings or possibly Saturday mornings during 2014

I was wondering if any members of the Jaguar Forum users would be interested in such an event.

If the numbers attending were between 10 and 30 we could have an event specially for the Jaguar Forum users. (Dates to be agreed)

Agenda

Tour of our facility to include :-

View how Automatic Transmissions are remanufactured

View how Torque Converters are remanufactured

Demonstration on how valve bodies are tested

Demonstration on how complete transmission are tested on a dynamometer

Short presentation by John Mackie (Managing Director)

Mackie Staff will be at hand to answer any questions and dispel any myths.

Refreshments and Finger Food Provided.

As a ZF Approved Centre, I am confident that your members would find the visit both informative and interesting.

John Mackie (Managing Director)
