Voice Activation System Accessory –  
2003 MY S-TYPE/X-TYPE

MODEL 2003 MY-ON  
S-TYPE  
X-TYPE  
VIN M44998-ON  
C97976-ON

**Issue:**

Voice activation is now available as an accessory on 2003 MY X-TYPE (from VIN C97976) and 2003 MY S-TYPE vehicles. All X-TYPE vehicles from this VIN **must be equipped** with the X1 package. This package has the pre-wire necessary for installation. Vehicles built prior to C97976 **cannot** have voice activation installed at this time. All 2003 MY **S-TYPE** vehicles are pre-wired for voice activation.

This system allows the driver to operate the climate control system, the audio system, navigation system and the cellular phone by giving voice commands into the roof-mounted microphone.

The system is able to interpret most English speakers without difficulty but if some voice commands are not recognized, voice training for up to two people can be carried out to help better understand the system operator. This is described in the Voice Activation Handbook.

COMPONENTS REQUIRED TO INSTALL THE VOICE ACTIVATION SYSTEM

**2003 MY X-TYPE From VIN C97976 – (must have X1 package)**

- Voice activation module XR8 34964
- Fitting kit C2S 23668

- CD and phone and voice C2S 7358

## 2003 MY S-TYPE

Voice activation module	XR8 34964
Fitting kit	XR8 36179
Voice activation handbook	JJM 180924/22
Microphone (if needed)	C2S 15896
May also require D2B link lead	(see attached table)

### USING THE ATTACHED TABLE FOR S-TYPE LINK LEAD

Determine vehicle specification prior to installation of accessory from left column.  
Determine vehicle specification after installation via top matrix. Choose link lead (s) from attached chart. Part numbers are shown below.

A = No link lead required

B = XR8 26721

C = XR8 26722

D = XR8 22801

E = XR8 22802

F = XR8 26726

G = XR8 26727

H = XR8 34689

J = XR8 34690

**Note:** CD A/Changer refer to a six-disc auto-changer NOT to the AM/  
FM single CD in-dash player.
