

Fig. 10.129 XJS wiring diagram – fuel injection

- | | | | |
|----|-------------------------------|----------|---|
| 1 | Pressure sensor | 13 | Cold start relay |
| 2 | Power amplifier | 14 | Electronic control unit |
| 3 | Air temperature sensor | 15 | Battery |
| 4 | Coolant temperature sensor | 16 | Main relay |
| 5 | Therotime switch | 17 | Pump relay |
| 6 | EGR thermo switch (if fitted) | 18 | Fuel pump |
| 7 | Cold start valve | 19 | EGR control unit |
| 8 | Cold start valve | 20 | Axle solenoid |
| 9 | EGR valve | 194 | Starter solenoid ballast resistor relay |
| 10 | EGR valve | 250 | Fuel cut-off inertia switch |
| 11 | Trigger unit | 1A to 6B | Fuel injectors |
| 12 | Throttle switch | | |
