

**Vehicle information**

2010 Jaguar XK (X150)

VIN: SAJKC43R1AMB38274

Mileage:

Diagnostic Time: 2019-05-18 09:57:28

Diagnostic Path: Automatic selection\Diagnosis\Control unit\TEL - Cellular telephone control module\Live data\

1. Number of trouble codes set due to diagnostic test	0	
2. Media oriented systems - Transport coding error counter	121	
3. Control module supply voltage	14.50	V
4. Control module internal temperature	77.00	°F
5. Bluetooth cellular telephone module - Device 1 - Connected	Connected	
6. Bluetooth cellular telephone module - Device 1 - Hands-free profile in use	No	
7. Bluetooth cellular telephone module - Device 1 - Serial port in use	No	
8. Bluetooth cellular telephone module - Device 1 - Supports hands-free profile 1.5	Not supported	
9. Bluetooth cellular telephone module - Device 1 - Supports serial port profile	Not supported	
10. Bluetooth cellular telephone module - Device 1 - Supports object push profile	Not supported	
11. Bluetooth cellular telephone module - Device 1 - Supports service discovery	Supported	
12. Bluetooth cellular telephone module - Device 1 - Supports generic access profile	Supported	
13. Bluetooth cellular telephone module - Device 2 - Connected	Not connected.	
14. Bluetooth cellular telephone module - Device 2 - Hands-free profile in use	No	
15. Bluetooth cellular telephone module - Device 2 - Serial port in use	No	
16. Bluetooth cellular telephone module - Device 2 - Supports hands-free profile 1.5	Not supported	
17. Bluetooth cellular telephone module - Device 2 - Supports serial port profile	Not supported	
18. Bluetooth cellular telephone module - Device 2 - Supports object push profile	Not supported	
19. Bluetooth cellular telephone module - Device 2 - Supports service discovery	Not supported	

20. Bluetooth cellular telephone module - Device 2 - Supports generic access profile	Not supported
21. Bluetooth cellular telephone module - Media oriented systems - Transport lock status	Unlock
22. Bluetooth cellular telephone module - Media oriented systems - Transport audio active	Inactive
23. Bluetooth cellular telephone module - Phonebook ready in cellular telephone	Inactive
24. Bluetooth cellular telephone module - Phonebook available in the bluetooth cellular telephone module	Inactive
25. Bluetooth cellular telephone module - Call state 1	Idle
26. Bluetooth cellular telephone module - Call state 2	Idle
27. Vehicle configuration parameter faults - Number of invalid vehicle configuration parameter values recognised	0
28. Vehicle configuration parameter faults - Fifth Parameter number of the vehicle configuration data that is invalid	0
29. Vehicle configuration parameter faults - Fifth Parameter invalid value	0
30. Vehicle configuration parameter faults - Sixth Parameter number of the vehicle configuration data that is invalid	0
31. Vehicle configuration parameter faults - Sixth Parameter invalid value	0
32. Vehicle configuration parameter faults - Seventh Parameter number of the vehicle configuration data that is invalid	0
33. Vehicle configuration parameter faults - Seventh Parameter invalid value	0
34. Vehicle configuration parameter faults - Eighth Parameter number of the vehicle configuration data that is invalid	0
35. Vehicle configuration parameter faults - Eighth Parameter invalid value	0
36. Vehicle configuration parameter faults - Ninth Parameter number of the vehicle configuration data that is invalid	0
37. Vehicle configuration parameter faults - Ninth Parameter invalid value	0
38. Vehicle configuration parameter faults - First Parameter number of the vehicle configuration data that is invalid	0
39. Vehicle configuration parameter faults - Tenth Parameter number of the vehicle configuration data that is invalid	0
40. Vehicle configuration parameter faults - Tenth Parameter invalid value	0
41. Vehicle configuration parameter faults - First Parameter invalid value	0
42. Vehicle configuration parameter faults - Second Parameter number of the vehicle configuration data that is invalid	0
43. Vehicle configuration parameter faults - Second Parameter invalid value	0

---

44. Vehicle configuration parameter faults - Third Parameter number of the vehicle configuration data that is invalid	0
45. Vehicle configuration parameter faults - Third Parameter invalid value	0
46. Vehicle configuration parameter faults - Fourth Parameter number of the vehicle configuration data that is invalid	0
47. Vehicle configuration parameter faults - Fourth Parameter invalid value	0

---
