SOME SIMPLE DEFINITIONS

Covered Vehicle is a Jaguar for which the Jaguar European Emergency Assistance is valid (and which has been kept in a roadworthy condition and serviced in accordance with Jaguar's recommendations).

Beneficiary/Beneficiaries are all owners, users or passengers travelling in Europe in the Covered Vehicle at the moment assistance is required.

Europe means all European countries including those countries bordering the Mediterranean except Libya, Albania and the Lebanon.

Benefits as described in this booklet will only apply if the Jaguar European Emergency Assistance arranges the Roadside Recovery or Home Assistance.

YOUR ASSISTANCE BENEFITS IN EUROPE

Roadside Recovery

In the event of immobilisation the Jaguar European Emergency Assistance will organise and pay the costs of taking the Covered Vehicle to the nearest Jaguar Dealer capable of repairing the vehicle should roadside assistance prove unsuccessful.

Vehicle Recovery

In the event of vehicle immobilisation where the Covered Vehicle cannot be repaired within four working days the Jaguar European Emergency Assistance will repatriate the vehicle to the Jaguar Dealer nearest to the Beneficiary's home address or planned destination.

In other circumstances when the Covered Vehicle cannot be repaired the same day, the Jaguar European Emergency Assistance will supply a first class rail ticket or scheduled air ticket to permit the beneficiary or a person designated by him/her to collect the vehicle. If the Beneficiary requests it the Jaguar European Emergency Assistance will arrange for the vehicle to be returned. The maximum payable for the vehicle's return is equivalent to that of a first class rail or scheduled air ticket.

Car Hire

If despite Roadside or Home Assistance the vehicle cannot be repaired the same day the Jaguar European Emergency Assistance will contribute towards the cost of a temporary replacement vehicle up to the equivalent cost of a four day hire of an executive class vehicle during the time the Covered Vehicle remains immobilised. The Beneficiary must satisfy the requirements of the vehicle hiring company (age, valid and clean licence, fuel deposit, credit card details).

JAGUAR EUROPEAN EMERGENCY ASSISTANCE

Get You Home/Hotel Accommodation

Should the Covered vehicle not be repaired the same day the Jaguar European Emergency Assistance will organise and pay the following:

- a) First class rail transport or scheduled air transport to enable the Beneficiaries to return to their homes in the United Kingdom or to continue their original journey.
- b) A contribution towards hotel accommodation, up to the equivalent of a four star hotel, for up to seven nights from the first day of immobilisation. This only applies if the Beneficiaries have to prolong their stay because of such immobilisation.

Parts Delivery

In the event that the Jaguar European Emergency Assistance has taken the Covered Vehicle to a dealer for repairs and parts essential to the running of the vehicle are not available locally, the Jaguar European Emergency Assistance will organise and pay for the despatch of such parts to the repairing dealer.

European Customs Duty

If following immobilisation of the Covered Vehicle abroad it is found that the vehicle is uneconomical to repair, the Jaguar European emergency Assistance will pay any customs duty incurred as a result of the Covered Vehicle being abandoned.

Additional Car Hire

If the Covered Vehicle is not returned to the United Kingdom following immobilisation on the date indicated by the Jaguar European Emergency Assistance, a temporary replacement vehicle up to the equivalent of a two day hire of an executive class vehicle will be organised and paid for by the Jaguar European Emergency Assistance.

VEHICLE WARRANTY

3 YEAR (60,000 MILES) VEHICLE WARRANTY

At Jaguar, the confidence we have in our meticulous engineering is complete. This is why our full three year, 60,000 miles, manufacturer's warranty is one of the most comprehensive available.

If you require attention under the warranty arrangement contact an authorised Jaguar Dealer.

Mechanical and Electrical Protection

Both the Jaguar and Daimler marques encompass the finest manufacturing traditions combined with state-of-the-art design technology. In the unlikely event of your vehicle requiring a repair as a result of a manufacturing defect, the repair and the replacement of any parts will be undertaken by approved Jaguar Dealers completely free of charge. Repairs will be carried out by Jaguar trained technicians using only Jaguar approved parts and repair techniques.

The Duration Of This Exclusive Cover

Our vehicle warranty cover is for three years or 60,000 miles – whichever is the sooner – whilst service items such as drive belts, light bulbs, spark plugs and brake pads are covered for one year or 10,000 miles. However, if your Jaguar or Daimler develops a problem outside the normal warranty period, which you feel should be brought to our attention, do contact your Jaguar Dealer. We will carefully consider your claim under the 'Total Care' programme, as long as it is not due to normal wear and tear or lack of maintenance.

Warranty Extensions For An Even Better Service

There are three optional warranty extensions available for all Jaguar and Daimler drivers. These have been designed to show our commitment to continuous product improvements and they complement our three year (60,000 miles) Jaguar warranty.

1. A mileage 'top-up' extending the new vehicle warranty from three years (60,000 miles) to three years (100,000 miles).
2. A fourth year (100,000 miles) extension.
3. A fourth and fifth year (100,000 miles) extension.

When They Commence And Expire

The extensions commence as soon as the vehicle is three years old or has exceeded 60,000 miles, depending upon the option selected. They expire once the vehicle has travelled 100,000 miles or at its third, fourth or fifth anniversary from the date the vehicle was handed over to the first owner; whichever is the sooner, again depending upon the option selected. The precise period of cover will be shown on the insurance confirmation.

How To Extend Your Warranty

Your Jaguar Dealer will be able to supply you with further details of the option most suited to your individual needs, and forward your application to Jaguar.
