

2005 JAGUAR XK

A C C E S S O R I E S

BORN TO PERFORM

XK8 Coupe, shown with Aris wheels. See pages 6-9 for these and other wheels.

THE NEXT LEVEL. When a vehicle is as sleek and impressive as the XK, one has to ask: Can you make it even better? Jaguar believes you can by personalizing it with accessories that complement your lifestyle. Choose from Jaguar's impressive collection of XK accessories that add style, function and convenience to an already attractive package.

Envision a generously accessorized XK. You engage a hands-free call as you grasp the all-leather steering wheel and negotiate a turn. Onlookers gaze admiringly at your XK's stylish Sports wheels, as the vinyl hood protector and splash guards protect your vehicle's immaculate finish.

And quality is backed by reliability, as all Jaguar accessories are factory-approved. Then there's the personal touch, as your vehicle will be fitted with components designed specifically for the XK. Convenient installation by your retailer caps the experience.

Please consider the accessories Jaguar has made available for the XK — so you can make an incredible vehicle even better.

Safety, security, convenience and flexibility all exemplify Jaguar's cellular system, with its phone housed neatly in the center console and operated by way of steering-wheel controls. Jaguar's navigation system (available only as a factory-fit option) and audio controls also integrate into the steering wheel, illustrating how the XK deftly blends styling with functionality in a customer-pleasing package.

MOTOROLA V60i FEATURES:

The XK system features the Motorola V60i telephone, a durable (aluminum housing) and intelligent ("Smart Button" functions allow you to place or receive calls with the phone folded shut) unit. When not in use, the center console provides secure housing for the phone. See your Jaguar retailer for more details.

- External caller ID¹ display
- Built-in microbrowser² for Internet access¹
- Personal Information Management functionality, including date book with alarm, message center and phone book
- SMS Messaging¹ [text messaging]
- 500 phone book entries, with multiple entries per name
- Voice-recognition dialing and menu shortcuts
- Voice recording up to 2 minutes

¹Carrier dependent

²CDMA phones only

JAGUAR'S IN-VEHICLE, HANDS-FREE SYSTEM FEATURES:

- Hands-free functionality for safer driving
- Telephone stores out of sight in the center console
- Steering-wheel and radio controls
- Headliner-mounted microphone
- Automatic muting of the vehicle audio system during calls [calls play through vehicle's audio system]
- Voice-activated dialing [when used with Jaguar Voice Activation System; sold separately — see your retailer]

NOTE: Motorola V60i telephones are available for AT&T, Sprint, Verizon and Cingular systems in the United States. Rogers AT&T, Bell Mobility and Telus are available in Canada. TelCel is available in Mexico. Cellular phone performance depends on carrier coverage.

Motorola and V60i are registered trademarks of Motorola, Inc.

1 CD MAGAZINE

Keep extra music readily accessible with this replacement magazine. Pre-load up to six discs and slide it in Jaguar's CD Autochanger (standard equipment in the XK8 and XKR) for a smooth transition into new sounds.
